

## Camp Encore Coda Packing Checklist

### LUGGAGE

- Trunks, Duffels, Suitcases, and Boxes are all good ways to bring your belongings. All luggage will be unpacked and belongings will be stored on open-air shelves upon arrival.
- Labels: label your luggage with your CAMPER'S NAME only, otherwise we won't know to whom the luggage belongs at the end of camp!
- We suggest labeling as many things as you can! There are some fun label companies that provide great labels for clothing, like [Label Daddy](#), or stamps like [Name Dropper](#).

### CABIN LIVING

#### Required Clothing & Supplies

- 10 days supply of clothes (for warm and cool weather). Laundry is done weekly by a local laundry service.
- For concert dress, please include some "casual but nice" clothes. Long dresses/suits are not required, just something nicer than a T-shirt and shorts.
- Raincoat with hood or poncho
- Rain boots
- Beach sandals/flip-flops
- Close-toed, active shoes for walking and sports activities
- 2 "quick dry" swimsuits: **We recommend bright/neon colors, greens, pinks, orange, yellow.** Dark blues and black are harder to see underwater. Scroll to the end of this list for an image showing swimsuit colors in still and disturbed water!
- 2 Camp Shirts from our [Gear Store](#)
- Bed Linens: 2 sets of twin-size sheets
- Bed Linens: 3 warm blankets
- Bed Linens: Pillow and 2 pillow cases
- 4 Towels (showers and waterfront)
- All necessary toiletries
- Water bottle labeled with your camper's name
- Flashlight & extra batteries** (campers can't rely on their phones for this)
- Bug Repellent—there are a lot of mosquitoes in the Maine woods
- Watch
- Hard glasses case (for glasses wearers)

## Recommended (Optional) Items

- Backpack
- Hiking boots
- Games (for the cabin, like mini chess, mastermind, etc.)
- Personal sports equipment (gloves, rackets, frisbee, etc.)
- Reading materials
- Umbrella
- Sunglasses/Hats
- Sunscreen
- Writing materials & stamps
- If using [Bunk1](#)–Reply Stationary

## Neurodiverse/Sensory-Friendly Suggestions

- Sensory-friendly clothing
- Sunglasses and hats
- Noise-canceling headphones/earmuffs
- Sensory-friendly swim goggles (check out [frogglez!](#))
- Fidget toys

## DO NOT BRING

- Rollerblades, skateboards, or bicycles
- Video game devices, tablets, or computers
- Obscene books, magazines, recordings, or clothing
- Glow Sticks

## MUSIC

### Required Music Supplies

- Instrument Supplies
  - Cleaning cloths/swabs
  - Reeds (campers play their instruments much more during 3 weeks of camp than they do 3 weeks during the year. Please bring enough reeds, or have a plan to ship your camper reeds halfway through the session!)
  - Valve oil (brass instruments)
  - Extra strings (string instruments)
  - Rosin (string instruments)
  - Rock Stop (for cellists and bassists)
- Metronome–[Korg](#) makes a standard metronome or metronome/tuner that's battery operated. Please bring extra batteries.

- Folding metal music stand (unless you're a pianist or vocalist)
- Music you have worked on during the year
- Music you want to play at camp

### Recommended Music Supplies

- Tote bag for your music folder! We often give campers copies of music, and inevitably these get lost. A tote bag is HIGHLY RECOMMENDED. We have a great one in our [Gear Store!](#)
- [Music clips](#)/clothespins to keep music on the stand when playing outside
- Notebook for private lessons and general music notes. Better yet, a [Manuscript Paper Notebook!](#)

### ALLOWED DEVICES

- Phones: THESE WILL BE COLLECTED UPON ARRIVAL. We will give phones back to your campers on our two Trip Days during camp, and then again at the end of camp.
- Kindles: These are allowed ONLY IF they do not have internet or game capabilities.
- MP3 Players: you can send your camper to camp with pre-downloaded music on screen-free MP3 players. We've had good success with the [Mighty Vibe](#). Please note that campers will have many opportunities to listen to music, which may include evening activities, free time, counselor playlists, and of course concerts!
- Recording Device: Some campers might rely on recording themselves when they practice. We have found this small recording device will work for camp: [Digital Voice Recorder](#)
- Cameras - digital, disposable, or polaroid. Check out this awesome [Screenless Digital Camera](#)
- Screen-less watches
